Hello, hope you are fine. Am Christine Ouma in Form 2 going to form 3 next year. I want to thank you for the support you are giving me in order to stay in the hostel. Anyway am doing well. We got a new matron last year and things have really changed. She has taught me how to share and to bake bread.

In my academic am trying to be smart but have not yet reached the grade that I wanted, a grade of B+, but I promise to work hard this coming exams, I also promise to improve from the grade I got last term.

My hobbies are playing football, dancing, making new friends and singing. Am also a girl guide in school. How I pray that God may continue granting you his love and tender care, I am happy to have such a sponsor like you.

May God bless you.

Yours sincerely

Christine Ouma
